
Bingo

Posted by tater03 - 2007/12/29 16:41

So I was wondering if anyone likes to play Bingo on here? I have went with my Mom and was actually surprised to really have enjoyed ourselves. We have quite a few places around here where they put on the game.

What I hate is when they show the next number in the monitor and it is the one you need but before they call it someone calls it on the previous number. That drives me nuts. Would much rather not see the next number coming up.
