
Hobbies

Posted by tater03 - 2008/01/06 18:26

So what other hobbies besides playing cards does everyone have on here? I love to read and surf around on the internet. Don't get a lot of spare time to do it but when I do I am usually reading a book.

I have not gotten into the RPG games that are online. Thank goodness though because my husband has and he seems to always be online playing them.
