
Scratch Offs

Posted by tater03 - 2008/01/06 18:14

So has anyone ever been lucky on scratch offs? I have won here and there on them but never a real big amount.

I actually won \$100.00 the other day on one. I didn't buy it my Dad picked it up for me when we went to lunch. I split it with him since he was the one that bought it.
