Texas Holdem is the most popular poker game in the casinos and poker card rooms across North America and Europe. Driven by the popularity of big events such as the World Poker Tour and the World Series, playing Texas Hold'em has become a big enough pastime that many people have begun playing online at sites like PokerStars.

Hi!

Everybody:

Just introducing myself. I am new to the online game but have played offline with my friends since just a kid. I like to play texas holdem, so for those who enjoy the game, welcome.
